

Delegation Name: Montenegro

Ambassador Name: Elif Ela Soyarici

Honorable Chairs, Esteemed Delegates, and Dear Guests,

As the delegation of Montenegro, it is an honor to stand before you today at the opening of this year's Turkish International Model United Nations conference. Under the theme of this year, "Navigating Uncertainty Through Mutual Trust", we understand **the importance of empathy, communication, transparency, and cooperation**, which are necessary for earning trust. Focusing on the African region, where **uncertainty and resilience coexist**, enables Montenegro to emphasize the need for **strengthened dialogue** to find effective solutions to long-lasting challenges that affect millions of people every day.

By attending this conference with our delegates, Montenegro hopes to participate in fruitful debates and contribute to resolutions that promote **international cooperation, ensure transparency, and build trust between nations** to tackle global issues. We strongly believe that respect, trust, and open communication are essential for Member States to tackle those global issues. We think that uncertainty is a problem that can only be tackled in **global cooperation, constructive dialogue, and creative solutions**. We encourage all Member States to work together to achieve global trust. Montenegro plans to **support disarmament, international security, and judicial independence**.

By the end of this conference, Montenegro hopes to **enhance global cooperation, effective dialogue, and trust while ensuring transparency and accountability** to tackle the issues that African regions face. Trust will navigate uncertainty and create a more **united world**. Together, we can build a more peaceful, fair, and trustworthy world.

Thank you.
